Dear Barry

"Attacks on America" Conference Dinner
Crowne Plaza - Liverpool

Thank you for speaking at our Conference Dinner last week. All of the Civic Dignitaries and our American guests said that they thoroughly enjoyed your humour, in fact everyone who attended said that they enjoyed the evening.

I am sure that it was not the easiest of tasks given the nature of the conference.

For my part your performance was first class and we are still laughing at some of your comments. You finished off our arrangements with great style.

Should we arrange further events we will almost certainly be in contact with you.

Thank you once again.

Best wishes

Bernie Bannon
Emergency Planning Manager
